

On the Occasion of the “1st National Space Day” celebrations in our Country,
You are cordially invited for the expert talk on

“Astronomy from Ground & Space based Observatories”

Prof. Annapurni Subramaniam
Director, Indian Institute of Astrophysics, Bangalore

Time :

1500 - 1615 hrs.
August 28, 2024

Venue :

Dr. Patwardhan Hall,
HEMRL, Sutarwadi

Prof. Annapurni Subramaniam, Director, Indian Institute of Astrophysics, Bangalore has about three decades of research experience & 175 research publications in the topics of star clusters, stellar populations, galaxies, and ultra-violet astronomy. She has contributed to the “*Thirty Meter Telescope*” (TMT), which is being built by an international consortium with India, as a partner. She is the Principal Investigator of the proposed “*Next Generation UV-Optical Space Telescope*” (INSIST), leveraging on the experience gained from Astro-Sat and UVIT. She is currently the Chief Editor of the *Journal of Astrophysics and Astronomy*, jointly published by the Indian Academy of Sciences & Astronomical Society of India.

Program Schedule :

1500 - 1505	Welcome Address by Dr. AP Dash, OS & Director, HEMRL & Chairman, AeSI, Pune
1505 - 1510	Introduction of the Chief Guest
1510 - 1610	Expert Talk on “ <i>Astronomy from Ground & Space based Observatories</i> ”, by Chief Guest
1610 - 1615	Vote of Thanks

THE AERONAUTICAL SOCIETY OF INDIA
